R. C No. 1502/HHB/37

Station Madras. Dated the 19th July 1938

From (Name) F. Sayers, Esquire, C.I.E.,
(Designation) Inspr.-Genl. of Police, Madras.

To The Secretary to the Government of Madras,
HOME Department.

Sir,

I have the honour to submit for the approval of the Government a plan and an approximate estimate amounting to Rs. 7,000/- for the construction of quarters for 1 head constable and 4 constables attached to the Outpost at Sankaranarayana in the South Kanara district.

2. The Outpost is located in the old Sub-Registrar's office building which was taken over by the Police Department in 1934 and the men and their families are accommodated in unsuitable and scattered private houses. The construction of line huts for the staff is, therefore, I consider, necessary. The site available for the purpose is close to the Outpost building.

3. The "Statement to accompany the estimate costing over Rs. 5000" is enclosed.

4. The present proposal will result in a saving in rent of Rs. 72/- per annum.

5. The work, if approved, will be carried out by the Public Works Department and the cost met from their lump sum grant for Police Minor Works in the Civil Works Estimate for 1938-39.

I have the honour to be,

Sir,

Your most obedient servant,

for Inspr.-Genl. of Police.

The huts are proposed to be constructed on designs C.A. Nos 50 & 51 of 1937 which have been approved in G.O. No. 743 P.W.D. 24.6.38 as type designs for constables' and head constables huts. The average cost of 1 head constable's hut and 4 constables' huts according to that G.O. is Rs 4,690 and the cost estimated in the present case (excluding unforeseen works etc) is Rs 4700, which is almost the same as the average cost. The unforeseen works are detailed in item 4 on p. 5 C.F.

The proposal is to construct huts for 1 head constable and 4 constables at Sankaranarayana in the South Kanara district at a cost of Rs. 7,000/-. The estimate is made up of:-

		Rs.
(1)	Constructing huts.	4,700
(ii)	Unforeseen works such as levelling the ground, forming approach road, drains, sinking a well and a latrine.	2,300
		7,000

2. Item (i) above -- The huts are to be constructed according to approved type designs and the estimates may be accepted.

Item (ii) above -- As compared with the cost of the huts, the provision for unforeseen works seems rather extravagant. The Chief Engineer has not furnished details of cost of each of the items included under this head. In view of the need for economy, this Department may suggest that the estimate for unforeseen works should be reduced to absolutely essential requirements. For orders, whether the Inspector-General may be asked to submit a revised estimate for this item.

With these remarks, the case may be returned to P.W.D.
